

## HEAD OF REBELS TO SEND ENVOY; BARRED BY A-B-C

WILL NOT BE WELCOME IN THE  
PEACE PARLEY HELD AT  
NIAGARA FALLS.

### LETTERS WILL BE REQUIRED

Delegate to Conference Must Have  
Full Authority to Participate in the  
Proceedings—Conference Held  
Early Today.

Niagara Falls, Ont., May 22.—At a conference of the mediators lasting from midnight until after one o'clock this morning the matter of the procedure in the event that a constitutionalist envoy asked to become a party unofficially to the mediation proceedings was discussed. The mediators decided that they could not admit such a representative. Their position is that any constitutionalist delegate must come as the other parties to the conference have come, with proper letters of credence, empowering him to participate fully in the negotiations.

#### Rebels Ready to Send Delegate.

Washington, May 22.—The constitutionalists are preparing to send a representative to Niagara Falls to confer with the South American mediators who are endeavoring to settle the Mexican problem. This will be done with the distinct understanding that the representative is to give information as to General Carranza's purposes without committing the constitutionalists to any plan for the pacification of Mexico that the mediators may determine upon.

Jose Vasconcelos, now at Montreal on a financial mission for General Carranza, is understood to be the man chosen to go to Niagara Falls. It was said by men in close touch with the constitutionalists that he would arrive there within the next few days.

The question of taking this step has been the subject of several informal conferences between representatives of the constitutionalists and of the Washington administration recently, and it is understood that General Carranza has given his consent.

Government officials here have urged that the presence of a representative of the constitutionalists would greatly assist in bringing about a solution of the Mexican question. Secretary Bryan, John Lind and Charles A. Douglas, an attorney for the constitutionalists, held a conference and Governor Lind met Senator Urquidí, the constitutionalist confidential agent here. Later Senator Zuburan, a member of the Carranza cabinet, now in Washington, Senator Urquidí and Mr. Douglas had a long conference.

#### Mediators Meet Mexicans.

Niagara Falls, Ont., May 22.—Immediately after the receipt of press dispatches from Washington telling of the intention of the constitutionalists to send a representative here the three mediators went into informal conference shortly before midnight to discuss the new developments.

The Huerta delegates who also had been unofficially informed of the constitutionalists' intention to send a representative here later joined the mediators in conference. They were in session long after midnight.

A feeling of optimism was observed on all sides. The mediators held what they preferred to call a "conversation" between themselves and the Mexican delegates during the afternoon.

"The prospect is hopeful," was the statement made by one of those participating in the mediation conferences.

The tentative purpose of the mediators to establish a provisional government in Mexico seems to have found no opposition from the Mexican representatives.

#### Problem Grows Larger.

The events of the past two days, in spite of the restrictions that have surrounded disclosures concerning them, have served to indicate that the mediators are proceeding in the hope that they will be able to adjust Mexico's internal problems and not merely regard their mission as ended if they furnish a satisfactory solution for the differences between the Huerta government and the United States growing out of the arrest of an American naval officer and a boat's crew of American bluejackets at Tampico.

The Washington government has made it sufficiently clear that the quarrel between the Wilson administration and that of President Huerta has passed beyond the state where the object of the landing of the United States forces at Vera Cruz will have been accomplished if General Huerta agrees to order a salute fired to the Stars and Stripes in reparation for the Tampico incident.

The mediators and the American and Mexican delegates were the guests of Martin Burrell, Canadian minister of agriculture, at an official dinner to the distinguished visitors on behalf of the Canadian government.

## "WILD WOMEN" OF MERRIE ENGLAND

MILITANTS GAIN ENTRANCE TO  
NATIONAL ART GALLERY TO-  
DAY AND RUIN FIVE MASTER-  
PIECES.

### MAUDLIN FIGHT IN COURT ROOM

Storm Judge With Misses—Suffra-  
gette Chains Herself to Seat in a  
Theatre and Hoots at King.

(Associated Press.)

London, May 22.—The "Wild Women" of the women's social political union in the militant suffragist organization here continued their terrorizing tactics today when a woman, armed with a loaded cane, ruined five famous masterpieces in the national art gallery and another woman wrecked a picture in the royal academy of art. They were arrested later.

A little later this morning the magistrate before whom were brought 57 of the women arrested in connection with yesterday's disturbance in the vicinity of Buckingham palace for their hearings, was compelled to suspend the proceedings because the accused women set up such a din that absolutely nothing could be heard.

#### Volley of Flour Bags.

A male suffragette, perched in the rafters of the police court, blew ear-piercing variations of the "Marseillaise" on a cornet and then sounded the "Charge" which was the signal for a volley of bags of flour and other missiles to be thrown at the magistrate.

After proceedings had been suspended and the riot quelled the women prisoners were again brought in and most of them, placed under bonds to keep the peace. They refused to find sureties.

#### Hooted at King.

While King George and King Mary were attending a matinee this afternoon at His Majesty's theatre, a suffragette arose in one of the stalls and addressing the king, shouted, "You Russian Czar." An attendant tried to get her out, but found she was chained to the seat and it was necessary to file through a link before she could be removed. Half a dozen women began shouting at the king and one jumped on the stage and commenced to make a speech, but she was thrown out. Others began to make trouble, but were eventually ejected.

#### Attempt Church Damage.

(Associated Press.)

Edinburgh, Scotland, May 22.—Suffragettes last night conspired to blow up a church here. The bomb exploded but little damage was done.

## DIXON ATTENDS THE FUNERAL OF "ELI"

THOUSANDS MOURN AS REMAINS  
OF BELOVED DIXONITE ARE  
LAID TO REST.

### FUNERAL WAS FROM ELKS CLUB

Body Rested in State in Club Rooms  
for Two Hours Before Funeral Ser-  
vices—Rabbi Stultz Conducted the  
Ceremony.

The funeral of Eli Rosenthal, who passed away in Chicago Wednesday evening, was held at 4 o'clock this afternoon at the Elks club, and the rooms of the spacious building were crowded with friends of the deceased who sadly paid their last tribute to his memory.

For two hours previous to the services, which were conducted by Rabbi Stultz of Chicago, the body of the beloved Dixon man rested in state in the parlor of the club and during that time scores and scores of those who loved the departed viewed the remains.

An exceptionally large number of floral remembrances, many of them especially beautiful, marked the esteem in which Eli was held, and six members of the house committee, of which Eli was chairman, bore his body to its last resting place. The men who tenderly carried his remains to the grave were Charles E. Miller, W. S. Greig, E. C. Campbell, William G. Ford, Freeman H. Robinson and Clarence G. Preston. The Elks attended the services in a body.

#### Stores Closed.

Practically every business house in the city closed during the hour of the funeral and the proprietors and clerks alike attended the services.

## WANT TREASURER TO RETURN SOME FEES

UNION DRAINAGE DISTRICT OF  
HARMON AND MARION SUE  
JAS. R. MCCORMICK.

James R. McCormick, who some time ago was appointed treasurer of Union Drainage District No. 1 of the townships of Marion and Harmon, was made defendant in a suit called for hearing before Judge Farrant in the circuit court today, brought by the district to cause Mr. McCormick to return to the district \$218 which he retained as commission on funds which passed through his hands.

The complainants maintain that Mr. McCormick was appointed treasurer of the district while a member of the commission of the district and therefore had no right to the office of treasurer and had no right to handle the funds.

## SCHOOL EXHIBIT WAS EXCEPTIONALLY FINE

LARGE CROWDS VIEWED SPEC-  
IMENS OF WORK OF SOUTH  
SIDE SCHOOLS.

### PROGRAMS FOR THE VISITORS

Great Advances Are Being Made Each  
Year in Drawing, Manual Training  
and Other Branches.

The art exhibits held in the south side schools Thursday afternoon were well attended, in fact the attendance was exceptional. Never before have the people of the south side displayed such interest in exhibits of these lines of school work.

The work shown in every school was of the best order and delighted the patrons of the schools and parents of the young artists. The display this year came in for much praise and each word of commendation was fully merited.

Interesting programs were held at the Woodworth and Central schools, where the visitors were especially numerous.

Dixon should be proud of the advance along the lines of drawing and manual training in the schools and the interest shown yesterday goes to show the appreciation of our people for the high standard maintained in these lines.

## BANDIT KILLED IN MURDEROUS ATTEMPT

BRAWL IN "FRISCO" ROADHOUSE  
LAST NIGHT RESULTED IN THE  
DEATH OF ONE.

(Associated Press.)

San Francisco, May 22.—Joe Bailey and Edward Donovan, bandits, last night entered a roadhouse on the outskirts of this city with the intention of killing the proprietor. A desperate gun fight followed in which David Williams, one of ten men said to have been gambling in the place, was killed. The proprietor escaped uninjured. Donovan was fatally wounded and Bailey escaped.

#### SAYS HE WILL

START ANOTHER THEATRE

R. T. LaFille, proprietor of the Grand theatre in Sterling, a moving picture theatre, was in Dixon today in an effort to secure a location for opening an institution of that kind here and he stated to a Telegraph representative that if he cannot find a suitable room he will probably build a structure to meet his needs.

#### STORK BRINGS FIVE.

At Palermo, Sicily, a woman named Rose Salemi, age 40, gave birth to two boys and three girls.

## NORTH DIXON SCHOOLS HAVE A FINE EXHIBIT

ARTS AND CRAFTS SHOW WILL  
BE OPEN TO PUBLIC SAT-  
URDAY—SEE IT.

### THE EXHIBIT WAS NEVER FINER

Work of Past Year Shows Marked  
Advancement Along Several Lines  
—Is Credit to School.

The annual exhibit of the North Dixon schools will be held in the north side high school building Saturday from 2 to 10 p. m. The kindergarten display will be at the same time in the old building kindergarten rooms. Visitors attending this latter exhibit will please use the fire escape.

The work this year shows advancement along several lines. The domestic science department has been doing some good work in advance of other years, in dress making, drafting patterns and designing. This is by a class of girls in the freshman year of the high school who will receive college credit for this special work. The sewing and garment making of the grades is good, as will be evidenced not only by the amount displayed but also by the fine character of the same. Busy industrial work of the lower grades shows up in fine shape.

The drawing is of the usual excellent character shown by our schools. It indicates that much progress is being made in many of its phases. This work of the arts and crafts adds zest to all other subjects of school endeavor. On the whole the North Dixon exhibit was never better.

A candy sale will be held during the afternoon to defray the expenses of the folk dances and songs for developing rhythm and time in the lower grades. Patrons, pupils and all interested are respectfully invited and urged to attend.

## MEMORIAL SERVICES AT CHRISTIAN CHURCH

VARIOUS PATRIOTIC ORGANIZA-  
TIONS WILL ATTEND SUNDAY  
EVENING TO HEAR REV. E. S.

The annual memorial services will be held Sunday evening, commencing at 7:30 o'clock, at the Christian church. Rev. Elwood S. Fisher will make the memorial address. The organizations which will attend the services are the G. A. R. Post, Ladies of the G. A. R. Circle, United Spanish War Veterans, the Women's Relief Corps and Sons of Veterans. The public is cordially invited.

## OLD THIRTEENTH IN REUNION HERE TODAY

VETERANS OF ORGANIZATION  
GATHER FOR ANNUAL MEET-  
ING IN DIXON TODAY

### BANQUET AND CAMP-FIRE

Entertainment for This Evening—A  
Business Meeting Will Be Held  
This Afternoon.

The 53rd reunion of the Thirteenth Illinois Volunteer Infantry association convened in Dixon today, with about twenty-five of the members of the old regiment in attendance. The headquarters of the association were at the Dixon Inn and Landlord McCarthy provided a large, cool room for their lounging place.

The business meeting of the association was set for 2 o'clock this afternoon at G. A. R. hall, and this evening there will be a banquet and a campfire. The banquet will be served in the basement of the people's church and will be in charge of the W. R. C., while the campfire will be held in G. A. R. hall.

#### Register of Those Present.

At noon the register of Sec. Havenor showed the following present:

- Company A.  
John W. Krug, Dixon.  
C. H. Noble, Dixon.  
Albert Kelly, Chicago.  
W. G. McGinnis, Dixon.  
Henry D. Dement, Wilmette, Ill.  
W. H. Woodyatt, Dixon.  
John B. McCleary, Norfolk, Neb.  
A. W. Adams, Almonds, Wis.  
L. E. Hawley, Grand Rapids, Mich.  
Company C.  
W. E. Morse, Peoria.  
D. O. Fairchild, West Brooklyn.  
O. B. Wyman, Eagle Grove, Ia.  
James Christiance, Amboy.  
J. E. Gray, Lee Center.  
Henry Wyman, Freeport.  
Company D.  
L. S. Shaffer, Rapid City, Ill.  
Company F.  
C. J. Harrison, Omaha, Neb.  
R. M. Hevenor, Pittsburgh, Pa.  
Company H.  
P. C. Coster, Fulton.  
A Novel Case.

The veterans were greatly interested today in a case which is being exhibited by J. E. Gray of Lee Center, a member of Company C. In 1906 while visiting in the south, Mr. Gray picked up a small limb of a tree on Kenesaw Mountain, which had been shot off by a cannon ball and which had remained undisturbed during the many years. Since that time he has patiently worked with the red cedar stick and has made a pretty cane, on which he has engraved some interesting data, the work being done with a pen knife. Two bullets remain imbedded in the stick.

## WELL DIGGERS GET INTO TROUBLE AGAIN

STRATA OF SOFT LIMESTONE IS  
STUCK AND DRILLING BE-  
COMES VERY DIFFICULT.

The completion of the new artesian well that is being drilled for the Dixon Water company, will be delayed for some time, possibly for two weeks. The delay is caused by the striking of an unexpected strata of soft limestone, which packs in around the drill and delays progress.

The company had hoped to have the well in operation by the latter part of the summer and thus alleviate the general scarcity of water that is apt to occur during the dry months. The new machinery and boilers at the works had been ordered on special time contract on this account, but with this unexpected delay in the drilling of the new well their plans for a bigger supply of water for Dixon, before the end of the summer will probably not materialize.

#### ATTENDED ASHTON FUNERAL.

Among those who attended the funeral of Mrs. Adam Kries of Ashton were Mrs. C. R. Kriebe and daughter Pearl of Oregon and Paul and Chas. Pfetzing and Miss Eva Schreiber of Dixon. The funeral was very largely attended.

## RICHARD URBAN, AN AMERICAN, KILLED

MEXICANS SHOOT HIM IN COLD  
BLOOD—BODY OF LAURET RE-  
COVERED BY FRIENDS.

### CARRANZA TO SEND DELEGATE

However, Will Not Agree to Armis-  
tice or Cessation of Campaign  
Against Huerta.

(Associated Press.)

Washington, D. C., May 22.—The killing by a band of Mexican soldiers of Richard Urban, an American citizen of German birth, was confirmed by a dispatch from Consul General Montague Urban was shot down in cold blood and without provocation, eighteen miles west of Nacozari.

The body of Porfirio Lauret, the American killed by Mexicans, has been recovered and taken to Laredo for burial by his friends.

#### Rebels to Help.

Washington, May 22.—Consul Hanna of Monterey has informed the department here that the constitutionalist authorities have agreed to aid in locating Consul Silliman, who cannot be found since Huerta's agents declare they released him at Saltillo.

#### Cabinet is Hopeful.

As members of the president's cabinet assembled today for regular meeting all reiterating the hope that peace negotiations at Niagara Falls would bear fruit. Among subjects of interest was the report that Gen. Carranza, rebel leader, had decided to send a representative to the peace conference. It is understood the constitutionalist delegate will not go as an actual party to the mediation but will take occasion to inform the mediators of the purposes and hopes of the constitutionalists.

#### Invite Carranza.

In circles close to the constitutionalists in Mexico it is definitely expected that within 24 hours a renewed invitation will be extended the constitutionalists to be represented at Niagara Falls. Whether Carranza will accept or not is not known but it is positively asserted that should he do so, it will be without declaring an armistice or agreeing to in any way check his campaign against Huerta.

### PAID COACH FOR ROCKFORD SCHOOLS

FACULTY MEMBER WILL RECEIVE \$1,800 A YEAR FOR ATHLETIC WORK.

Physical Director Winters of the Madison, Wis., public schools has accepted a position as coach and athletic director and head coach of the Rockford high school. He will receive a salary of \$1,800 a year. He is considered the best foot ball coach in Northern Illinois.

This brings to mind the lack of the local high schools, of proper coaching, this year being the first year that any adequate steps have been taken towards giving some of Dixon's excellent high school athletic material, the training needed that they are so worthy of.

The South Side Board of Education employed Mr. Homerich in this capacity at the beginning of this school year and the results obtained by him, more than justify the action of the board. Coach Homerich took excellent but rather "raw" material in football and basketball and turned out good teams, especially in basketball. His work with the baseball team has also been for the best, but in this line the lads have received the best of coaching for several years at the hands of Joe Valle, so the credit is due in part to that gentleman. Yet the work of both these men goes to show just what can be accomplished in the athletic line with proper instruction. This is just what the Dixon teams have received from Professor Homerich, but he has been considerably hampered by exacting duties in the academic line for he has served as instructor in scientific and commercial work at the south side high school and so has not been able to devote himself entirely to athletics.

THEODORE MOELLER VERY ILL.

Theodore Moeller suffered a severe paralytic stroke on Wednesday afternoon, at his home on North Dixon avenue. His condition is critical, owing to his advanced age, but he is resting somewhat easier today. Mr. Moeller is one of the few early settlers of Dixon that have not yet answered the final call. His many friends and relatives are hoping for a speedy recovery.

### George Carpentier

Red McGhee says:

In Uncle Sammy's bunch o' states the sportin' public's loves an' hates keep changin' all the time. Today we praise an' cheer a man — tomorrow he goes on the pan, a boob, a quince, a lime. We make our heroes over night. A pug'll cop some great big fight an' right away he's IT. We worship at his shrine until some fighter clouts him on the bill. Do we stick by him?—NIT!

We're for 'em while they win — that's all. In boxin', wrestlin' or baseball, lose once an' it's Goo-Night. That's why I think it kin o' queer that this guy Georges Carpentier has France sew'd up so tight. He's been knocked out by Joe Jeannette an' Klaus an' Papke, too, an' yet he gets by anyhow. Imagine some Yank gettin' beat three times. No chance. Just one defeat sends him back to the plow.

Bean Brummel of the boulevard, he calls the president his pard an' rules society. He's shown three times that he can't box but he goes back an' gets the rocks — the coin, the ol' spee-shee. I can't see how he pulls the trick but Georges manages to stick as France's greatest champ. If he was over here you bet, the only spotlight he'd get would be an ol' barn lamp.

To every person that solves the above Puzzle, the parties who control and are distributing this advertising appropriation, will give absolutely FREE, the choice of the following Valuable premiums: Large piece of beautiful Pressed Cut Glass, Lady's Bar Pin, Set of Gent's Gold Filled and Pearl Cuff Buttons, Tie Pins and Holder; also a bona fide Manufacturers' Credit Voucher for \$115.00, good only on any new Piano in our store. For many years Piano manufacturers have tried to reduce the selling expenses of pianos. The old way of paying solicitors, paying music teachers' commissions and engaging great artists to play their pianos at fabulous sums are being eliminated and now it is the question of the best advertised piano and one in which the purchasers are given the greatest possible value. This is the age of co-operation and the manufacturers correctly believe that the best way to introduce their product is to spend the advertising money in making special offers to the people rather than employing world famous demonstrators at fabulous expense and making the people pay for such methods by asking a heavily inflated price for the Piano.

THE FLUSHER QUESTION.

Now, after we are about to buy a city street flusher, along comes information from a seemingly reliable source saying that the street flusher destroys pavements, for the reason that the force of the flood of water over the pavements tears and eats the sand and "filler" out from between the bricks.

This information has been turned over to the city officials and they are going to investigate the flusher further before advertising for bids, for of course we do not want to ruin the hundreds of thousands of dollars worth of brick pavements we have put in and intend to put in.

There is some thought among the members of the commission of the purchase of a rotary, power, street brush, which is said to do as good work as the flusher without any damaging effect to the brick. The brush would cost more, but of course would be cheaper in the end if a flusher would injure the pavements.

If a brush is considered, no kind but that that picks up the dirt and sprays the street ahead of the brush in order to keep down the dust, should be considered. The old fashioned kind that simply sweeps the dirt to the side of the road to be picked up later does not half do the work desired and mainly succeeds in filling the air with dust and germs.

THE WEDNESDAY HALF-HOLIDAY.

The action of a local furniture firm, that of giving their help a half day off every Wednesday during the warm months of the year, is a most commendable and sensible action. When all merchants can get together on shorter working hours and more play time, they will all get a lot more enjoyment out of life and they will make more money, too, for the people have to buy, they need the goods in the stores, and they will buy as well one time as another. No sales will be lost by closing at certain hours, if all dealers can agree to work in harmony. The half day a week vacation during the summer months is a big town, progressive and advanced idea, but it is not too far ahead of the times for Dixon. It makes life less burdensome for the boys and girls behind the counters and at the desks and their path is not so strewn with roses that the vacation will be unappreciated.

The store owners may say that they are satisfied with Sunday, but they should realize that with them it is a trifle different. They have more hope of gain by harder work. When they realize that they can in reality gain more, however, by spending a hot mid-week afternoon at the Assembly Park bathing beach or loafing in the shade at Lowell with the family, they will be better off.

We used to think we had to stay open Sunday mornings if the full week's trade was to be taken advantage of, but that idea has gone with the "open every night" plan. In Rockford the stores close on Wednesday afternoon and the most of the men and women who run the business of the city make tracks for the golf grounds and the river, and you couldn't persuade a Rockford man to go back to the old plan.

THE "OLD THIRTEENTH."

Today in Dixon a few, pitifully few, gray-haired men are gathered together from various parts of the country. They are nearly all that is left of that gallant regiment of Illinoisans, "The Fighting Thirteenth," that played so big a part in the great struggle between North and South in the days of '61 to '65.

These are the "boys" who marched smiling-faced and solemn-hearted off to war, leaving sobbing sweethearts and wives and mothers behind them, while they offered up their lives for the preservation of the Union. Their ranks are pretty ragged now. Only a few score remain of the hundreds of sturdy fellows who started out. The banquet table tonight will be minus many of the old faces, and the saddest part of it is that there can be no recruits, but that every anniversary of "The Old Thirteenth" will find a smaller remnant of the brave regiment here to answer to roll call. "Absent" is the answer to most of the names now. We honor them living and sleeping, with all reverence and admiration, and love for the lesson of patriotism they have taught us.

It is remarked that the South American mediators will discover two of the world's most stunning wonders at Niagara Falls—the falls and the hotel rates.

FRENCH DRIVERS ARE HAVING TIRE TROUBLES

Indianapolis, May 21.—The hopes of the French race drivers Julo Goux, who won last year's Memorial day auto race and Boillot, who will pilot Peugeot entries in this year's 500-mile classic, have been lowered during the last few days because their tires have been showing poorly. Neither of the Frenchmen has been able to negotiate more than seven successive laps at high speed without a tire change. The two foreigners are under contract to use an English made tire.

Another cause for worry, according to report, is an understanding among the American drivers that the Frenchmen are to be kept from winning, and that if no other method will work. Certain Americans, not among the leaders, are to lag along in front of the Frenchmen and force

Lemonade

BY WALT MASON

It is a helpful, soothing drink, when flies are bad and days are hot; and whether it is white or pink it always seems to hit the spot. I drink it with the lovely dames where drugstore clerks take in the kale; I drink it at the baseball games, at home I sip it by the pail. Of all soft drinks it is the best, as every learned physician knows; it always soothes my savage breast, and gives my warlike soul repose. It takes the fungus from my tongue, and kills the toothstools in my throat; and I feel brave and gay and young, when all my innards are afloat; when they're afloat in lemonade, my head is clear, my nerve is strong; I face my duties unafraid, and put up hay the whole day long. And when the cool, gray morning breaks, I do not see, beside my bed, a bunch of hydra-headed snakes with pea-green antlers on each head. I rise refreshed, so full of vim, and of aggressive strength so full, that when I've sung my morning hymn, I go out doors and whip a bull.

SPANIARDS FACE DEATH

Villa Threatens Citizens of Spain.

Madrid's Ambassador Requests Bryan to Save His Countrymen From Rebels.

Washington, May 22.—The Mexican situation presents one of the gravest possible developments. The danger lies in General Villa's sweeping threats of vengeance against all Spaniards who might fall into his hands. It raises an ominous international question which no leniency on the part of the American government can solve satisfactorily.

The deep significance of this problem was presented to Secretary Bryan by Senor Riano, Spanish ambassador, who was stern when he called at the state department. When he left Mr. Bryan's office his excitement was evident.

The state department has put its machinery into motion to discover the whereabouts of a person described as a messenger of Admiral Fletcher, who disappeared more than a week ago from Vera Cruz.

Juarez, Mexico, May 22.—Satillo has been evacuated by the 12,000 federalists under Gen. Joaquin Maas, according to an official message received by the local junta here from Gen. Philippe Angeles, constitutional minister of war.

One "last ditch" battle, fought by the federalists with their backs against a wall, will conclude the present revolutionary movement, according to the constitutionalist authorities here. Queretaro, twice famed as the spot where periods of unrest have been concluded in Mexico, is the place they declare will mark the end of the Huerta regime.

Heads Presbyterian General Assembly

A. in session in the Fourth Presbyterian church. The election was by acclamation. The only nominating speech was made by Rev. Samuel J. Nicolls, pastor for 50 years of the Second Presbyterian church, St. Louis, and the oldest living former moderator of the general assembly.

INSTRUCTORS AT ILLINOIS MUST STOP DANCING.

Champaign, Ill.—Because instructors could, and students could not, a ban on mid-week dances by President James of the University of Illinois, has been issued. The ban comes as a result of a complaint on the parts of the students that they could not study while the dances were in progress. Inasmuch as students could not dance during the week it was thought unfair to allow instructors to do so.

### FINE HOTEL SERVICE.

W. E. Tien has on exhibition in the window of his jewelry store a line of silverware which is attracting unusual attention. The shining utensils are part of the new Athena line for the Nachusa Tavern and include individual pieces for every need, even to individual coffee pots. The service is regular Pullman standard and is unsurpassed by any hotel in this section.

## DEMENTTOWN

The entire community mourns for Eli and wishes fervently for more like him.

For a long time we have been trying to settle a great question, and have finally given it up. We can't for the life of us dope out how a woman can be "clothed with modesty," and yet wear it in such a way that one scarcely notices it.

They say that it's a sign of love when a young lady becomes possessed of a great desire to run her fingers through a man's hair. And if he lets her do it without a struggle, it's a cinch he's in love too.

### A Dirge.

I'm sleeping in the bath tub—  
(At least, I did last night.)  
I ate my supper from a shelf  
By a fallow candle light,  
The flat is wrecked and ruined,  
And life is far from gay,  
There's naught of glee for wife or me.

Because we move today.  
The baby's in the coal hod,  
The butter's in the clock;  
The silver-ware is packed away  
With stockings in a crock.  
The dog is in the gas stove,  
Naught can I do or say,  
For things like this must be, I wis,  
About the first of May.  
When we again are settled,—  
When brawny moving men  
Have smashed our household  
goods to bits,  
Oh, I'll be happy then.  
Then I'll buy new furniture,  
And with installments pay;  
And own it when it's smashed  
again,  
Upon next moving day.

### Mrs. Bridges Very Ill.

Mrs. Roy Bridges, who, with her husband, is visiting at Stillman Valley, Ill., is very ill and has been in a serious condition for the past month. On the advice of her physician, she will be brought home to Dixon as soon as she is sufficiently recovered to stand the trip.

Kline, at his home in South Bend, Ind., on Thursday, and Mrs. Moyer will go to that city Sunday to attend the funeral, which will be held at 3 o'clock Sunday afternoon. Mr. Kline, who formerly resided in Dixon, is survived by his widow, who was Miss Eva Moyer; two daughters, Mrs. Charles Slick and Miss Marguerite Kline; and a brother, Frank Kline, of South Bend. Mrs. Mary C. Moyer and her daughter, Mrs. Samuel Long will go to South Bend from Decatur to attend the funeral also.

## WILL TALK OF THE COMMERCIAL CLUB

MEETING OF THE MERCHANTS THIS EVENING TO BE OF ESPECIAL IMPORTANCE.

The meeting of the merchants of the city to be held at the city hall at 7:30 o'clock this evening will be one of especial importance, inasmuch as it is hoped to complete the organization of a Commercial club which will take in all of the commercial interests of the city.

### LOSES NOSE.

Louis Anderson a Kankakee painter, lost the greater part of his nose Monday, when he was hit by a large piece of glass falling from a window that he was repairing.

### Air Brakes for Aeroplanes.

A highly ingenious device is about to be embodied in a new British aeroplane now nearing completion. A difficult problem, which has always confronted the aeroplane designers, has been that of enabling machines to land at a reasonably slow speed and yet fly as fast as possible. The necessity of this provision may be gauged from the fact that the modern aeroplane, with its full load, weighs the better part of a ton, and that the usual flying speeds range from sixty to eighty miles an hour. Accordingly, Mr. A. V. Roe, the well-known designer, has adopted the expedient of providing his latest biplane with what he termed "air brakes." These consist of flaps hinged to the rear of the planes, capable of being turned at right angles to the direction of flight, with the object of enabling the pilot to reduce his speed materially preparatory to alighting.

## Dramatic Roles

FAMILY THEATER.

The Four Italian Troubadors who opened at the Family Theater last evening, have an act that is so far ahead of any musical act seen here this season that it is a real treat.

The personnel of the company consists of one lady and three men, all singers and instrumentalists. The lady is an exceptional violinist and weilds the bow with a master's hand. Her execution and technique are perfect, and as a result her selections are rendered in a most artistic manner. Too much cannot be said of the vocal numbers rendered by the male members of the quartette; of their execution and selection. In fact, their offering is most enjoyable. Heclow and Rowland appear in a clever and pleasing comedy and singing act. The pictures to-night are:

A Real Helpmate.  
The Refrigerator's Captive, in two reels.

### PRINCESS THEATER.

Tonight the Princess Theater will show a two-reel feature entitled, "The Hunchback," a fine two-reel picture, featuring William Grawood the great photo-play actor and an excellent Majestic cast. This picture shows a great lesson in regard to the poor cripples in our country and has many pathetic scenes which will move everyone.

## TOWN SAVED BY WOMEN

Feminine Residents of Camden, Mo., Fight Flames.

Camden, Mo., May 22.—Women came to the rescue and saved a large portion of this town from destruction when a dangerous fire started in the business section. Nearly all the men were out of town, and the women, getting out the meager fire fighting equipment and forming bucket brigades, battled desperately with the flames. When the men hurriedly returned from Liberty, Mo., where a big lodge meeting was held, they found the Knights of Pythias hall, the hotel, the Baptist church, all the store buildings and several houses in ashes, but the fire extinguished.

## ASKS WILSON TO AID MINERS

President Promises Help to Workers in Colorado.

Washington, May 22.—An urgent appeal was made to President Wilson by Judge E. C. Lindsey of Denver to settle the Colorado coal strike by closing the mines until John D. Rockefeller, Jr., agrees to arbitrate the troubles between him and the workers.

President Wilson took the peace plan under consideration and told his visitors he would do everything in his power to end the labor war.

New York, May 22.—John D. Rockefeller, Jr., declined to receive Judge Ben B. Lindsey of Denver, who asked for an appointment to discuss the Colorado strike situation.

### In the Blizzard.

First Pedestrian (rounding the corner by the Woolworth building and scudding before the blast)—"I beg your pardon, did you meet a hat coming this way just now?"

Second Pedestrian (leaning strongly against the gale)—"I did meet a hat—but I let it fly on. It did not fit me."—New York Evening Post.

## PHYSICIANS ENJOYED MEDICAL CONVENTION

SEVERAL DOCTORS HAVE RETURNED FROM INTERESTING STATE SESSION.

Several local physicians returned last evening from Decatur, where they had been attending the convention of the State Medical Society. The doctors report a very pleasant and profitable stay in the down state city.

The citizens of Decatur were splendid entertainers, providing auto transportation, excellent lodging, and hired the entire ground floor of one of the performances, seating the whole convention.

Several excellent treatises, interesting to the profession, were read. The convention will be held next year in Springfield. Steps are being taken to hold the meeting every year, on condition that Springfield, provided a State Medical library. The matter has as yet not been decided.

## THE MASHER GOT A BANG ON THE NOSE

ONE DIXON YOUNG LADY KNOWS HOW TO STOP UNWELCOME ADVANCES OF MASHER.

The annoying of young ladies on the street by young men who insist on favoring them with their company must be stopped and probably will if the ruffians receive the treatment one was accorded Wednesday evening.

A certain young lady was going down Peoria avenue when accosted by a stranger who aimed to be pleasant. The lady ignored him and passed on, but he followed and overtaking her as she hurried up First street again greeted her. This time she turned suddenly and swinging a large handbag caught him squarely in the face. His attentions were squelched and the same remedy might be used in other such instances.

## DIXON MOOSE HAD PLEASANT EVENING

TWENTY-FIVE AUTO LOADS VISITED LEE AND WHITESIDE COUNTY TOWNS

The Rochelle Booster club toured several nearby towns yesterday, advertising their city. There were twenty-five auto loads of the Rochelle Boosters and they carried a band.

The slogan of the bunch was "Rochelle A Live Town For Live People," and the crew gave exhibitions of their life in West Brooklyn, Shabonna, Franklin Grove and Amboy.

The Rochellites made brief stops in each of these cities and finally ended the tour at De Kalb, where they were entertained at a supper by the commercial club of that city.

## FINED FOR ALLEGED IMPROPER ACTIONS

CHAS. H. HOUSH ARRESTED ON COMPLAINT OF GEO. R. KROOP OF CHICAGO.

Sheriff Reid today arrested Chas. H. Housh of Knoxville, Ill., at Peoria on a warrant issued by George R. Kroop of Chicago charging him with indecent conduct with the latter's wife. Housh was brought here this afternoon and tried before Magistrate Kent and pleaded guilty to the charge and was fined and made to pay costs.

Following the decision of Magistrate Kent, Kroop began suit against Housh in the circuit court for \$25,000 damages, charging alienation of his wife's affections. Kroop alleges that improper relations between Housh and Mrs. Kroop on which the action is based, took place in Compton, and further charges the same offense has occurred a number of times before.

"The Automatic" Refrigerator will soon convince you that it is the Best and Most Economical refrigerator ever placed on the American Market. IT PRESERVES FOOD.

### TEACHERS FORBIDDEN TO FORM A UNION.

The Board of Education of Cleveland, Ohio, has taken drastic measures to crush the efforts of women teachers in the graded schools to form a union.

The Board, by a vote of four to three passed a resolution declaring that membership in a labor union shall be regarded as a breach of contract of employment with the Board of Education, and the equivalent to a resignation as an employee of the board.

Mrs. William Phillips went to Rockford this morning to visit with her sister, who is ill.

### TELLS OF DIXON SIGN.

### URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Salts if your Back hurts or Bladder bothers you—Drink more water.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

### THE DIXON ROTARY LAWN MOWER

### "DIXON"

#### THE LIGHT RUNNING, HEAVY DUTY LAWN MOWER.

Guaranteed Equal to the Best Made.

Made in Dixon. Boost! It is Dixon. Every lawn in Dixon should have a mower on it. Your dealer should have them. If he has not got them call us and we will supply you.

We wish to draw your attention to a few of the improvements in the Dixon Lawn Mower over all other makes.

First, to the floating bed knife bar which is swiveled on the rod that ties the back end of the mower securely together, and, with the other tie rod at the front makes the most rigid frame to be found in lawn mowers.

You will notice at each back corner of the bed knife a compression spring. These press the cutting edge of the bed knife up against the reel, or revolving knife, always adjusting itself.

We make the Dixon with a thrust ball bearing which is the same as is used in automobiles, making it the best.

The knives throughout are crucible steel. The lower bed knife is crucible lip steel.

The Dixon Mower will cut heavy grass without raising the handle and without lifting up behind and choking.

# Zephyr's Sanisac

## The Greatest Sanitary Precaution in Over Two Thousand Years of Milling

**N**OT SINCE the days when the oxen of Ancient Egypt tediously trod the wheat; or the hand-flail was used to beat out the grain on the old threshing floor, on down to the modern engine-driven, self-feeding, wind-stacking thresher of today;

Not since the days when the Egyptian maid-servant crushed and powdered the golden grain into coarse flour, in her crude stone mortar; or the great-grandfather of modern milling ground his grain 'tween the old mill stones; on down to the most up-to-date roller mills of today—sanitary in every detail, has there ever been introduced or adopted such a sanitary milling precaution as we have given to the world in **Zephyr's Sanisac**—

A dust-proof, dirt-proof sanitary flour sack, guaranteed to carry the flour from the sanitary mill unsullied, untainted and undeliled throughout its numerous and devious trails of travel, until it finally reaches the kitchen of the remotest consumer.

### THE PURITY PROTECTED.

Before the use of **Zephyr's Sanisac** for **ZEPHYR FLOUR** all the precautions that could be taken to produce flour, by the most scrupulous sanitary methods, which advanced sanitary science could suggest, were overcome or rendered ineffective for the lack of a sanitary sack in which to pack the flour for transportation.

No matter how pure the flour when it is packed into the ordinary sack, before it reaches the consumer it may be contaminated in a hundred different ways.

### THE LAST SANITARY LINK.

But **Zephyr's Sanisac** overcomes all this, and completes the chain of wise precautions developed to insure purity. It is the last link, the long-sought essential, that makes all the sanitary processes practiced in the manufacture of **ZEPHYR FLOUR** effective.

It was because of the faults of the ordinary flour sack that the millers of **ZEPHYR FLOUR**—"the Flour that's Tested in the Mill Every Hour"—long ago began a series of scientific experiments to find the perfect flour sack. We have not been content

merely to produce a flour, every pound of which must conform to our rigid, unvarying standard of purity and excellence, but we were determined that our flour should reach the consumer with all its excellence and purity intact.

**Zephyr's Sanisac** the dust-proof, leak-proof, sanitary flour sack solved the problem for us—the same problem that has confronted the milling industry since the days of the Egyptians.

### HOW THE SACK IS MADE.

What is **Zephyr's Sanisac**?—It's a combination cloth-and-paper sack, the two materials ingeniously joined together. The base of cloth is lined with a thin film of very tough blue—fast-color—sanitary paper, firmly calendered into the fabric while passing under heavy pressure, between heated rollers. The sack made of this paper-lined cloth, is non-porous—absolutely dust and dirt proof, and it is impervious to the moisture of the air. It is also light-proof.

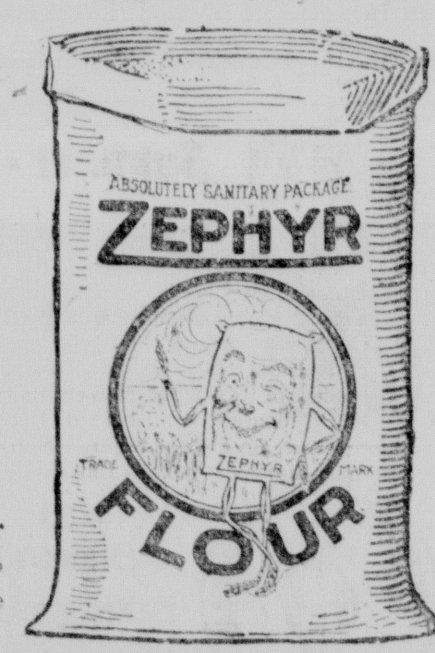

Therefore, **ZEPHYR FLOUR** packed in **Zephyr's Sanisac** is completely protected from all contaminating outside influences. It comes to the consumer pure, in perfect sanitary condition, and it may be kept in the **Sanisac** in the same condition until entirely used up by keeping the sack closed.

Dust or dirt cannot sift through into the **Sanisac** neither can the flour sift out. This feature means a material saving of flour—because it does not waste in the handling between the mill and your kitchen.

### THE TEA TOWEL FEATURE.

When the **Sanisac** is empty it may be easily converted into a tea towel by simply ripping the sack and soaking it in water until the film of paper detaches itself from the cloth.

You will be delighted with **ZEPHYR FLOUR**—"the Flour that's Tested in the Mill Every Hour"—and you will be more than delighted with **Zephyr's Sanisac**—a combination of goodness and protection, such as you have never known before. Try a sack—it is guaranteed to you.

## GERMS' JAILER IS ON TRIAL

**Illinois Doctor Accused of Letting Microbes Escape Into Milk.**

Chicago, May 22.—Cocci styphlococci and cocci streptococci occupied the entire attention of two civil service commissioners, three attorneys and half a score of expert witnesses. The "cocci" or germs were discovered in milk obtained from cows near Jacksonville, Ill., where one of them—the cocci streptococci—caused an epidemic of sore throat six months ago. Dr. Charles E. Gabel, state bacteriologist, was on trial for failure to find the germs on two cows, declared by others to carry microbes. The specific charges filed against the state bacteriologist were that he was lazy and neglectful in the discharge of his duties. The commission will announce its findings within two weeks, according to Joseph H. McDette, chairman. The physician has been suspended.

## 250 SLAIN IN TAMPICO FIGHT

**Victorious Rebels Lose 38 Dead and 128 Hurt.**

Tampico, May 22.—Since the clearing away of the debris and the restoration of order, some idea has been gained of the cost of fighting to both sides. The rebels lost in all 38 men killed and 128 wounded during the five days' fighting. Among the dead was Colonel Tennazas, who was wounded the second day and died subsequently. The federalists lost 250 killed and about six hundred wounded. There were 30 prisoners taken when the rebels dashed into the town, and they have announced that the prisoners will receive a fair trial. Sixty dead federalists were found in the trenches of the inside defenses, showing the accuracy of the rebel artillery fire.

## METHODISTS PLAN TO UNITE

Oklahoma City, Okla., May 22.—Tentative plans for the unification of the three great Methodist bodies in America were approved, connectional officers were elected and a declaration of principles adopted at the general conference of the Methodist Episcopal church, South. The unification plan provides for the merging of the Methodist Episcopal church, South, the Methodist Episcopal church and the Protestant Methodist church under the name of the Methodist Episcopal Church in America, with one faith, one ritual, and one general conference, but with four jurisdictional conferences for the four geographical divisions.

Sandwich, England, May 22.—Chick Evans of Chicago and Harold Weber of Toledo, the only American survivors in the fourth round of the British amateur golf championship, met defeat at the hands of two Scotsmen, C. B. MacFarlane and Capt. Cecil K. Hutchison. Harold H. Hilton, the holder of the title, shared their fate, being beaten by Edward Blackwell, another Scottish player. Neither of the Americans looked like a winner at any period of the matches.

## AID FOR PINCHOT ASKED BY COLONEL

**Sees Crisis in Pennsylvania and Urges All Parties to Support Pinchot.**

## FIRST TALK OF POLITICS

**Roosevelt Expresses His Confidence in Integrity of Rank and File of the Republican Party — Big Reception at Oyster Bay.**

Oyster Bay, L. I., May 22.—An appeal to the members of the Republican party to rally round Gifford Pinchot, Progressive nominee for United States senator in Pennsylvania, was seized upon by Colonel Roosevelt as the subject for his first statement concerning the political situations since his return from South America.

It is as follows: "Crises come up when it is the duty of all good citizens to sink ordinary party differences and stand up either against flagrant wrongdoing in public life or against policies fatal to the welfare of the nation at home and the honor of the nation abroad, and all good citizens should on such occasions stand together without regard to past party differences.

"I have confidence in the integrity of the rank and file of the Republican party and that they will support Mr. Pinchot."

The colonel also made the announcement that he was going to California to stump the state for Gov. Hiram Johnson, his running mate on the Progressive national ticket.

## Political Conference Held.

The colonel's statement followed an important political conference at his home with B. A. Vandenberg, publisher of the Philadelphia North American; George W. Perkins, national chairman; Dean William Draper Lewis of the Pennsylvania Law school and candidate for governor of Pennsylvania; and Walter Brown of Ohio. It was decided definitely that the tentative plans for Colonel Roosevelt's campaign trip from the Atlantic to the Pacific should be adopted. This tour probably will take the former president into almost every state of the Union.

## Colonel Has "Bully" Time.

To use his own words, Colonel Roosevelt again had the "bullyest" time of his life. Although he refused to consent to any public demonstration in New York upon his return from South America, the colonel agreed to attend the celebration planned by the townspeople in his honor.

The brass band, led by Principal Colby of the public school, played various airs, beginning with "Our Favorite" and ending with "This Is the Life," and 600 school children sang "Home Again" in high-pitched voices that quivered with excitement.

The colonel, standing in an automobile along the side of the village's attorney, beamed and laughed outright, showing his teeth, and said "Bully" and "By George" and shook hands with other friends and patted the babies. He waved his Panama hat in response to the cheers which greeted official words of welcome by the attorney, Robert F. Duval.

**Colonel Makes Response.**  
Colonel Roosevelt in response said: "Mr. Chairman and You, My Friends and Neighbors: I have always been peculiarly touched by the way you men and women who know me best have stood by me. The first and only celebration to which I have consented since my return from South America was here from you because the older men here I have been brought up with and those who are a little older still remember me.

## MUST BELIEVE IT

Well Known Dixon People Tell It Tell It So Plainly  
When public endorsement is made by a representative citizen of Dixon the proof is positive. You must believe it. Read this testimonial. Every sufferer of kidney backache, every man, woman or child with kidney trouble will do well to read the following:

Mrs. Emmelle Bott, 811 College avenue, Dixon, Ill., says: "We recommend Doan's Kidney Pills just as highly now we did some years ago when we first gave a statement in their praise. I was rheumatic and most of the pain was through my kidneys. At night I didn't sleep well and in the morning was all tired out. I was nervous and dizzy and my kidneys were out of order. I tried different remedies but was not helped until I used Doan's Kidney Pills, which I got at Leake Brothers company Drug Store. They made me strong and well." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bott had. Foster-Milburn Co., Props., Buffalo, N. Y.

## WOMEN ARE CLUBBED

Militants Felled by London Police During Riot.

Leader of British Suffragettes Arrested Following Bloody Fight With 2,000 Officers and Soldiers.

London, May 22.—While leading an army of women upon Buckingham palace, Mrs. Emmeline Pankhurst, leader of the militant suffragettes, was arrested. Immediately after King George and Queen Mary arrived from Aldershot, where they have been for five days inspecting the great military establishment, the women gathered at Whitehall and moved toward Buckingham palace. They sent word ahead demanding a personal interview with the king, while a petition had been prepared for presentation to the queen.

More than 2,000 policemen, detectives and soldiers were on duty in the streets and around the palace to prevent rioting. Home Secretary McKenna had sent word to the leaders of the women that King George would not receive them under any circumstances, but this did not deter them. "If he won't see us we will see him," was the reply sent back to the home secretary.

As the army of women was moving along Constitution hill two policemen suddenly seized Mrs. Pankhurst and hurried her off to the police station. Mrs. Pankhurst's bodyguard of husky women, chosen for their courage and strength, gave an angry shout and attacked the policemen, but were dispersed with disheveled hair and torn dresses.

Following the arrest of Mrs. Pankhurst a riot broke out on Constitution hill. Mounted police tried to clear the streets, but the women formed themselves into a compact mob and fought savagely. The mounted police charged into the mass of femininity, smashing at the heads of the leaders with their heavy police batons. The yells of the enraged women drowned out the thuds of the truncheons as they fell with crushing force upon the heads or the shoulders of the women.

Within half an hour 40 women were placed under arrest, charged with assaulting policemen, rioting, inciting to riot, impeding traffic, resisting arrest and disorderly conduct.

## PUT POOR STEEL IN CANAL LOCKS?

Federal Grand Jury Recommends Indictment of Five Pittsburgh Men.

## TRICKED U. S. INSPECTORS?

Alleged That Accused Conspired to Defraud Government on Quality of Metal — Defendants Are Well Known.

Pittsburgh, Pa., May 22.—The grand jury in the United States district court for the western district of Pennsylvania made a presentment recommending the indictment of five well-known men, employees of the Carbon Steel company, on a charge of conspiracy in connection with the steel furnished for the locks in the Panama canal.

May Cause Disaster. It is alleged that the steel furnished was of such an inferior quality that the immense locks at the dams in the canal are liable to let go at any time, causing heavy loss of property and probably lives.

The men named by the grand jury are Samuel M. Wetmore, David J. Simpson, Dennis K. Bullens, Henry Lutz and James E. Lacy. Two others, W. R. Warren and Fred Schoppe, also employees of the company, were also named in the presentment, but the grand jury recommended that no indictments be found against them, as they gave valuable testimony before the grand jurors.

Presentment of Jurors. The presentment reads as follows: "That the above men named did on September 14, 1911, unlawfully and feloniously conspire, combine, confederate and agree together with divers persons, to the grand jury unknown, knowingly, willingly and corruptly to defraud the United States of America."

The grand jury requested that the court direct United States District Attorney E. Lowry Humes to lay before it a bill for indictment, more particularly and at length. District Attorney Humes stated he would present the indictment today.

Officers of Company. The plant and offices of the Carbon Steel company are in this city. The officers of the company are:

President, Charles McKnight; vice-presidents, Gilbert G. Thorne, George S. Macrum; secretary, D. E. Corbett; treasurer, Dean R. Wilson.

Mr. Wilson, the treasurer, stated that President McKnight was the only present official of the company who was connected with the Carbon Steel company at the time of the alleged fraud. He volunteered the information, however, that but two of the men named in the presentment were employed by the Carbon Steel company at the present time. Samuel M. Wetmore, former superintendent, he said, now is manager of sales. The other man, not named, held a minor position, he said.

## SILLIMAN DUE AT CAPITAL

Vice-Consul Said to Be on Train Expected at Mexico City.

Mexico City, May 22.—Consul John R. Silliman is reported safe and likely to arrive here on the train from the North, which probably will not reach the city until after midnight.

Washington, May 22.—News that Consul Silliman was expected in Mexico City came as glad tidings to the state department, where the fear had been growing that he was dead. No word has been had directly from him for weeks, while telegrams from the British consul at Saltillo to the British minister in Mexico City indicated that broken communications did not explain his silence.

It is supposed now that he was either in prison all this while or else that his dispatches were censored.

## U. S. WOMAN SHOT IN ITALY

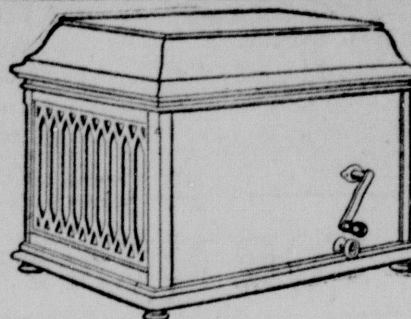

Charity Worker From Chicago Near Death After Attack.

Chicago, May 22.—In a compartment of a railway train bound from Rome to Florence, Italy, Mrs. Mary E. Flavelle, a prominent charity worker, was found dying. Cable dispatches said that when the door of the coach was opened at Arezzo the unconscious form of the aged woman—she was sixty-eight years old—was found on the floor. She had been shot through the right temple. After being taken to a hospital she revived long enough to say that a man attacked her; then she lapsed again into unconsciousness. In a pocket under Mrs. Flavelle's skirt was found a purse with a letter of credit for \$1,500 on the Illinois Credit bank.
